

Your Failure Checklist

Use this checklist to spot the attitudes, skills and behaviours that will help you to fail. If you can spot them all, you will be on track for guaranteed failure!

Tick each one you observe and don't forget to shout 'fail house' when you've got them all.

Failure	Tick
Rushing into decisions without proper thinking time	
Speak quickly, without thought, and no concern about backing it up	
Trusting a gut instinct, and deciding quickly, especially about other people	
Not giving thinking any extra thought, they know they're pretty much always right	
People have learnt to get your own way when you need to	
Making the easy (or even first) decision, saving time and effort	
When debating, the focus is on the person not the topic	
You end up with no decision = no progress = no work
