

Did You Know

We've got form

We've been in business for over 12 years creating learning experiences that make a real difference to your people and your results. Whether you're a start-up or a traditionally established company, we build a true partnership with you.

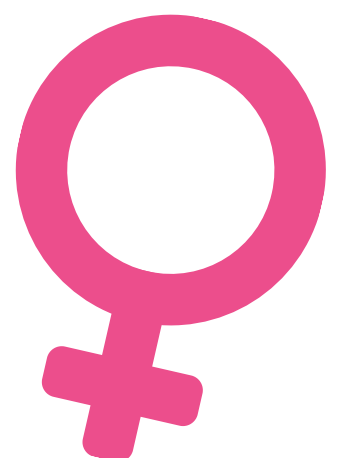

Did You Know

We got the power

Women Power we mean.
That's what drives We Are BRAVE.
Our company is headed up by two
powerful women who know their stuff, and
want to share it all with you.

Did You Know

We are rebels

Not like Star Wars.

Our team of BRAVE rebels just do things differently. If you want the same old, same old with a broken status quo then we're probably not for you. We deliver on our promises.

Did You Know

We got skills

Not mad skills....but skills.

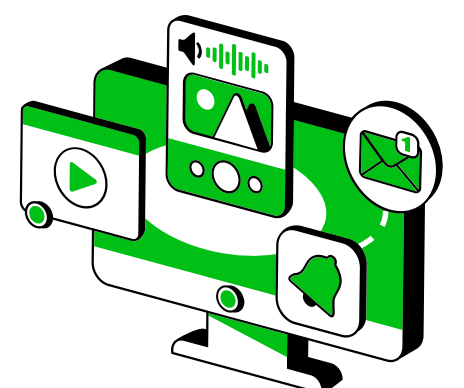

Our team of BRAVE Associates dotted around the world create magic in the training room. Your people will leave saying 'I can do this, I feel brave'. We prove time and again that our training hits the mark and doesn't disappoint.

Did You Know?

We got content

What good is a fancy website (we have one of those) if there's nothing to see or do? Our site is full of free downloadable content to help you learn, inspiring blog posts to read with a cuppa and a micro learning video library to get you away from social media.

Did You Know

We got a reputation

Just like Taylor Swift 🐍

Our reputation comes from our client testimonials and case studies and our favourite, good old word of mouth. These kind words help us to show others what we can do.

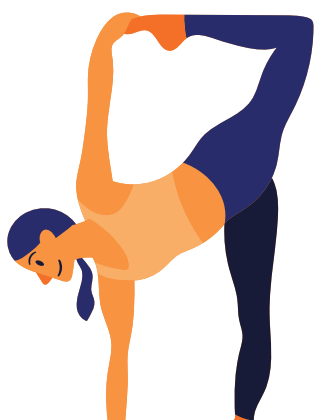

Did You Know

We're super flexible

No, we're not gymnasts or yoga stars. We get flexible when it comes to delivery. Face to Face, Online Webinars, Company Conference, Guest Speakers, Podcasts, Article Writers...we might not be flexing off a pommel horse but our team can give you what you need.

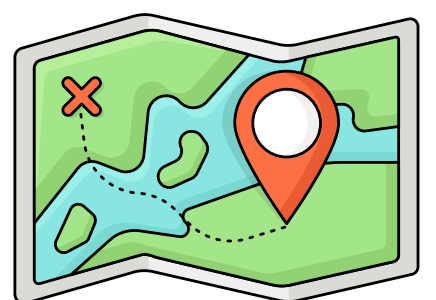

Did You Know?

We can coach

And we don't mean National Express.
The kind of coaching we look after gets
you where you need to be in a whole
different way.

We partner with you through 121 Coaching
to help you think differently about how
you'll achieve your goals.

Did You Know

We got principles

Eight of them, to be precise.

Like any clever business we have a set of guiding principles that govern what we do, and form the basis of the great work we share with you.

You'll see them in action in our behaviours and our content.

Did You Know

We stick to our guns

Well, by guns, we of course mean Values. We have a set of BRAVE Values that keep us on the straight and narrow and ensure we look after each other, our clients and all those who work with us or for us. It's just the way we do business.

Did You Know

We're like, global

We have global Associates who work across all countries and industries. This allows us to spread BRAVE to the furthest corners of the world.

Even as far as Bognor Regis (we love a seaside town).

Did You Know

We like a chat

We understand that to trust us you need to know us. We love a chat.

And a cup of tea.

You can book a no obligation call with us to see if we click and to help you know that the BRAVE you see here, is what you actually get.

Did You Know

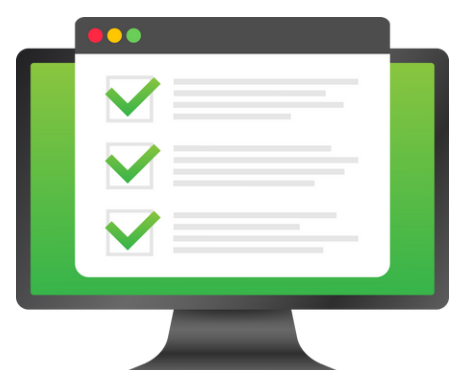

We assess you

Not in a mean girl way or a school test.

We've gone digital!

We have both an Individual and Business, free Readiness Assessment Tool that cleverly helps you work out what you need and emails you the details.

It's like magic ✨

Did You Know

We give back

We support a different organisation each year both financial and otherwise. This year we're a proud patron of Pop n Olly, a brilliant UK leading LGBT+ educational resource for children, parents, carers and teachers.
